

EasySpanish After School Spanish Program

Buenos Dias, and Welcome to the Spanish Language After School Program, offered by **EasySpanish**, for Kindergarten through 8th grade. My name is Viviana Marchevsky, a native Spanish speaker with an extensive background in education and child development. I am the founder and teacher at EasySpanish. We currently offer after school Spanish classes in several districts in the Peninsula including Cupertino, Los Altos, Palo Alto and others.

Why Do Your Children Need a Second Language?

The benefits of exposing children to a second language are countless. Learning Spanish at a young age is important for brain development, cultural learning and provides more opportunities for a child's future! In addition, our students learn the foundation of Spanish to excel in Middle and High School Spanish all while having fun! Our methodology is based on learning through hands on activity and fun. Children will find the value and joy of learning Spanish.

Why Spanish?

Spanish has become one of the most important second languages in the United States and especially in California. Spanish has a rich historical heritage; it is a Latin language with close ties to many other useful languages. It is the spoken language in many beautiful and exotic places throughout the world, eg: Spain, Mexico, the Caribbean, and South America.

What is EasySpanish?

Through a variety of exciting games and interactive activities the children develop vocabulary and grammar skills in Spanish. No boring or mechanical drills and memorizing words.

Attention Parents!

Your personal involvement with your child's progress is very important. Please print your email address clearly so I may send you announcements.

It is vital for your child's safety that you inform me through email or phone, including your child's full name and school, that she/he will not attend class.

Parents must pick up their children after class on time as there is no properly monitored facility available. Any late pick-ups will result in extra fees. Please contact me if you have any questions regarding this. Parents will be notified if their child arrives late or if he/she disrupts the class.

By enrolling, families acknowledge that they are committing to the 6-month program and understand that their tuition helps reserve their child's place in a class that requires a minimum enrollment to continue.

Refunds will not be provided upon cancellation unless the class remains above the minimum enrollment of 15 students after the cancellation. This ensures that a family's withdrawal does not cause the class to fall below the minimum number of students needed to maintain the program.

Please note: This is a new policy that was not included in previous flyers or enrollment materials. This policy will take effect immediately. We understand that unexpected circumstances may arise. Please reach out to discuss any special circumstances, and we will do our best to work with your family on a case-by-case basis.
